The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
Los Angeles, California 90012

Dear Supervisors:

THE SHERIFF'S EQUITY MODEL PLAN

On July 11, 2006, your Board adopted a motion requesting the Sheriff to report back to the Board with the Department's Equity Model Plan, which will be used as the baseline for the Equity Model.

The Los Angeles County Sheriff's Department (Department) is committed to providing its agreed upon service levels while equitably managing personnel vacancies to both our contract cities and unincorporated County communities alike. To ensure these service levels are being provided, I have instituted Field Operations Directive 06-04, *Equitable Distribution of Patrol Deputy Resources* (Attachment A), which states in part:

- Radio car deputy vacancies will be equitably shared between contract city communities and unincorporated communities.
- Overtime expenditures to fill vacancies will be equitably shared between contract city communities and unincorporated communities.
- Management Information Services will prepare a monthly summary of contract city and unincorporated area vacancy percentages from information provided by the Field Operations Regions' Headquarters staff. This report will be provided to the Sheriff and to the Board of Supervisors for review and accountability.

A Tradition of Service

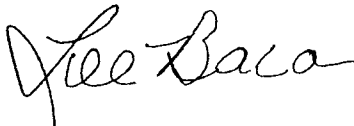

To make certain the equitable service levels and distribution of personnel vacancies are met, I have developed the Patrol Deployment Report (Attachment B). Each Field Operations Region (Region) will complete a monthly report for my review detailing each patrol station's service level compliance and vacancy factor for each contract city and unincorporated County community patrol area. This report will contain the following information:

- Unincorporated patrol staffing overview for all three patrol Regions and each respective station within the Region, including columns that indicate Supervisory District, budgeted deputy allocation, and number and type of patrol cars deployed.
- Unincorporated and contract city staffing comparison for all three patrol Regions and each station, identifying the specific station, population, square mileage, patrol deputy staffing, percentage of total field force, total number of vacant positions, percentage of vacant positions, and equitable vacancy distribution.
- Variance report for each Region and station including reserve deputy hours worked.

Like many other law enforcement agencies throughout the country, the Department has experienced formidable challenges attracting qualified candidates. The Department has made record-setting strides in hiring deputy sheriffs to fill critical vacancies within the Department, and I look forward to our continued partnership to provide the best service possible to the communities we serve.

If you have any questions or concerns, please feel free to contact me at (323) 526-5000 or Chief Marvin Cavanaugh, Field Operations Region III, at (323) 526-5712.

Sincerely,

FIELD OPERATIONS DIRECTIVE

Field Operations Support Services, (323) 526-5760

FIELD OPERATIONS DIRECTIVE: 06-04 ISSUE DATE: 07-11-06
EFFECTIVE DATE: 07-11-06

ISSUED FOR: FIELD OPERATIONS REGION I
 FIELD OPERATIONS REGION II
 FIELD OPERATIONS REGION III
 TECHNICAL SERVICES DIVISION

EQUITABLE DISTRIBUTION OF PATROL DEPUTY RESOURCES

PURPOSE

The importance of the Sheriff's Department radio car patrol services will continue to be our highest priority. The issue of equitable staffing will also continue to be a priority.

POLICY AND PROCEDURES

Due to personnel vacancies of radio car assigned deputies, this policy requires that the impact of patrol radio car deputy vacancies be equitably shared between the contract cities and unincorporated communities.

The following assignment and overtime policies apply:

- Radio car deputy vacancies will be equitably shared between contract city communities and unincorporated communities.
- Overtime expenditure to fill vacancies will be equitably shared between contract city communities and unincorporated communities.
- Management Information Services will prepare a monthly summary of contract city and unincorporated area vacancy percentages from information provided by the Regions' headquarters staffs. This report will be provided to the Sheriff and to the Board of Supervisors for review and accountability.
